

## **Blitz Tree Services**

Established tree company in Red Wing, MN (c. 1 hr. south of the Twin Cities) looking for a climber. We have bucket trucks, but they can't reach every tree. You don't need to be an expert or have many years of experience, however you should be comfortable in a tree and able to do basic trimming/removals (and a CDL, or ability to get one soon). If you want to work in a down-to-earth, stress-free environment, give me a call.

Fred Biltz
