Rainbow Tree Company is currently seeking energetic, experienced, or entry-level professionals in our Treecare division who enjoy working outdoors. Our field positions are ideal for professionals with an educational background in forestry, horticulture, arboriculture, environmental studies, conservation or related disciplines and seasoned professionals with experience in these fields and line of work.

We are out to make a difference – in our industry, in our community, and in the lives of our employees. If you love all aspects of Arboriculture and take pride in your work this is the job for you.

**KEY RESPONSIBILITIES:**

- Drill holes into the root flare or tree trucks, utilizing small hand tools
- Dig trenches, remove and replace sod, and general yard area clean up
- Measure and mix fungicides to ensure proper amounts are being injected into each tree
- Monitor injection process to ensure equipment is functioning properly
- Follow all safety procedures and use required safety equipment
- Assist in preparing vehicle and materials for the day’s work as directed
- Carry, lay out, and stow materials, tools and equipment
- Repair pumps and injection equipment as needed
- Drive company vehicles

**QUALIFICATIONS:**

- High School Diploma or equivalent (required)
- Degree or equivalent experience in horticulture, forestry or related field
- Must have pesticide applicator license or ability to receive in near future
- Ability to identify ash, oak, maple, and elm trees at genus level
- Ability to accurately measure and mix a range of horticultural chemicals
- Hard worker, with willingness to work long days and occasional Saturdays as needed
- Valid Driver’s License

Late spring start- May 11 & May 26
Job Types: Full-time, Temporary, Internship
Salary: $14.00 to $16.00 /hour
